Deed Indexing Standards (Version 4.0)  
For the Commonwealth of Massachusetts  
January 1, 2008

INTRODUCTION

First adopted on January 1, 2000, the Deed Indexing Standards for the Commonwealth of Massachusetts have gone through several revisions by the Massachusetts Registers and Assistant Registers of Deeds Association. The most significant change to this version is the adoption of new Document Formatting Standards (Section 10 on page 13). The Association's intent is to record documents, not to reject them because of hyper-technical interpretations of these new Formatting Standards. Still, we cannot forget that perhaps the most important responsibility of the Register of Deeds is to ensure that the records created for the use of future generations are legible – so documents presented for recording that do not meet our standards for reproduction will be rejected.

As for the overall effort at standardization, what was said in the introduction to the last version of this document remains true today:

Each of the following Standards reflects the practice of the great majority of the Massachusetts Registries of Deeds. Despite the best efforts of the registries, however, universal acceptance of and compliance with these Standards is a practical impossibility. Different computer systems and capabilities and hundreds of years of local precedent cannot be ignored or erased overnight. Recognizing this, and acknowledging that we have a responsibility to fully inform registry users of how local practices deviate from these Standards, each registry should develop and make available to the public a Local Supplement to the Deed Indexing Standards that clearly explains how that registry's practices differ from these statewide Standards.

Finally, if you have any questions or comments about these standards, please direct them to Richard P. Howe Jr., the Register of Deeds at the Middlesex North District by telephone (978/322-9000), mail (360 Gorham Street, Lowell MA 01852) or by email (richard.howe@sec.state.ma.us)..

Anytime a social security number is discovered in a previously recorded document, the registry of deeds shall take such steps as are necessary to redact such numbers, however, the registry of deeds shall retain a copy of the original, un-redacted record in a non-public file. This rule shall not apply to state or federal tax liens or releases of state or federal tax liens.

**3. ADDRESSES**

**3-3 PROPERTY ADDRESS ON FIRST PAGE OF DOCUMENT**

The address (street number, street name, town and condominium unit number if applicable) of the property on a deed, a mortgage, or a discharge of mortgage shall be typed or printed clearly in a prominent location on the first page of the document.

The mailing address of the GRANTEE on a deed must be clearly stated on the document.

## 4. ACKNOWLEDGEMENTS

### 4-1 DOCUMENTS REQUIRING ACKNOWLEDGEMENT

The document types listed in Appendix A (“Document Types Requiring Acknowledgement”) shall not be recorded unless they are notarized in accordance with Indexing Standard 4-2.

### 4-2 NOTARY PUBLIC RULES

Failure to comply with the strict requirements of Executive Order 455 (03-13) shall not prevent a document from being recorded. A non-conforming acknowledgement purported to be taken within Massachusetts must contain, at a minimum, the original signature and printed or typed name of the officer making the acknowledgement, the expiration date of the officer’s commission and some language that indicates that the parties intended such signature to constitute an acknowledgement.

### 4-3 ONE OR MORE GRANTORS

The acknowledgement of a deed or other written instrument required to be acknowledged shall be by one or more of the parties signing the document.

### 4-4 OUT OF STATE ACKNOWLEDGEMENT

An acknowledgment made outside of the Commonwealth of Massachusetts but within any state, territory, district or dependency of the United States shall be made (in accordance with Massachusetts General Laws chapter 183, section 33) by:

- 1) a justice of the peace, notary public, or magistrate of the state in which the acknowledgment is made;
- 2) a commissioner appointed therefor by the governor of the Commonwealth of Massachusetts; or
- 3) any other officer of the state in which the acknowledgment is made provided that a certificate of authority of said officer in the form prescribed by M.G.L. c. 183, s. 33 is attached thereto.

To be recorded in Massachusetts, such an acknowledgement does not require the seal of the Notary Public taking the acknowledgement.

### 4-5 OUT OF COUNTRY ACKNOWLEDGEMENT

An acknowledgment made outside of the United States or any dependency thereof shall be made (in accordance with Massachusetts General Laws chapter 183, section 33) by:

- 1) a justice of the peace, notary public, or magistrate of the country in which the acknowledgment is made;
- 2) a commissioner appointed therefor by the governor of the Commonwealth of Massachusetts;
- 3) or before an ambassador, minister, consul, vice consul, charge d'affaires or consular officer or agent of the United States accredited to the country where the acknowledgment is made and if made before an ambassador or other official of the United States, it shall be certified by him under his seal of office.

## **5. TRUSTS & TRUSTEES**

### **5-1 RECORD OF TRUST (c.203, s.2)**

“If a trust concerning land is created or declared by [a written instrument signed by the party creating or declaring the trust], the recording of the instrument in the registry of deeds for the district where the land lies shall be equivalent to actual notice to every person claiming under a conveyance, attachment or execution thereafter made or levied.”

### **5-2 TRUSTEE’S CERTIFICATE (c.184, s.35)**

A certificate sworn to by a person who, from the records of the registry of deeds, appears to be a trustee and which certifies as to (a) the identity of the trustees or the beneficiaries of the trust; (b) the authority of the trustees to act with respect to real estate owned by the trust; or (c) the existence or nonexistence of a fact which constitutes a condition precedent to acts by the trustees, shall be binding on all trustees and the trust estate in favor of a purchaser or other person relying in good faith on the certificate.

## **6. PLANS**

### **6-1 SUBDIVISION CONTROL FILE (c.41, s.81X)**

Each registry of deeds shall maintain a “Subdivision Control File” in which shall be entered all notices related to the Subdivision Control Act sent by the boards within a city or town responsible for the implementation and enforcement of said act, including copies of the rules and regulations of such boards, a list of all board members and a list of individuals who are authorized to sign “Approval Not Required” plans. It is the responsibility of the respective boards of each city or town to forward this information to the registry of deeds.

### **6-2 MUNICIPAL LIEN CERTIFICATES & SUBDIVISION PLANS (c.60, s.23)**

No definitive subdivision plan (i.e. any subdivision plan which DOES NOT contain the phrase “Approval not required” over the signature(s) of the applicable

Planning Board) shall be accepted for recording unless it is accompanied by a municipal lien certificate indicating that all taxes, assessments, and charges then assessed against the land shown on the plan have been paid in full.

6-3 CONDOMINIUM UNIT PLANS (c.183A, s.9)

In accordance with MGL c. 183A, s. 9, the first deed of each condominium unit must have attached to it a copy of the floor plan of the unit being conveyed and of the immediately adjacent units. Such plan shall also state that the plan fully and accurately depicts the layout of the unit, its location, dimensions, approximate area, main entrance and immediate common area to which it has access. This statement must be signed by a registered architect, registered professional engineer or registered land surveyor. Notwithstanding the above, the registry of deeds shall make no determination of whether a deed is the first deed for that condominium unit.

6-4 PLANS AS ATTACHMENTS TO OTHER DOCUMENTS

A copy of a plan that is to be recorded as an attachment to another document must be on white paper that is no smaller than 8.5” by 11” and no larger than 8.5” by 14”. Plans recorded in accordance with this section are exempt from the Plan Regulations contained in Appendix B. A document with a plan attached shall not be considered to be a “multiple document” for the calculation of the recording fee for that document.

6-5 PLAN REGULATIONS

See Appendix B.

6-6 REQUIREMENTS FOR RECORDING OF PLANS

Except for a plan recorded as an attachment to another document in accordance with Indexing Standard 6-4, no plan shall be recorded UNLESS it contains a statement signed by a registered land surveyor that no new lines have been drawn on said plan OR UNLESS:

- (1) The plan is endorsed by the Planning Board that such plan has been approved by said Planning Board AND a certificate of the clerk of the city or town stating that no notice of appeal was received during the twenty days after approval of said plan;
- (2) The plan is endorsed by the Planning Board or its designee that approval of the plan is not required; or
- (3) The plan is accompanied by a certificate of the clerk of the city or town that it is a plan which has been approved by reason of the failure of the Planning Board to act.

6-7 AMENDED PLANS (c.41, s.81X)

No register of deeds shall accept for record a notice of modification, amendment or rescission of approval of a plan of a subdivision unless such notice contains a statement by the planning board that such modification, amendment or rescission

does not affect any lot or rights appurtenant thereto in such subdivision which lot was conveyed or mortgaged in good faith and for valuable consideration subsequent to the approval of the subdivision plan.

## **7. RECORDING PROCEDURES**

### **7-1 ATTORNEY AFFIDAVIT**

MGL chapter 183, section 5B: “An affidavit made by a person claiming to have personal knowledge of the facts therein stated and containing a certificate by an attorney at law that the facts stated in the affidavit are relevant to the title to certain land and will be of benefit and assistance in clarifying the chain of title may be filed for record and shall be recorded in the registry of deeds where the land or any part thereof lies.” Neither this nor any other affidavit needs to be notarized (although it should be signed under the penalties of perjury). Also, for indexing and fee calculation, an affidavit of this type should not be treated as a multiple document (i.e., an affidavit and a certificate), but only as an affidavit.

### **7-2 CERTIFIED COPIES – HOW RECORDED**

Copies certified by another registry of deeds, a court, or a governmental entity at the federal, state, county or municipal level may be recorded at the registry of deeds. If the certification appears on a separate page, that page shall be treated as another page of the document (i.e., a single piece of paper that contains the printed document on one side and the certification on the other should be considered to be a two-page document).

### **7-3 COPIES (NON-CERTIFIED) PRESENTED FOR RECORDING**

The registry of deeds shall not record photocopies of documents unless certified in accordance with Indexing Standard 7-2.

### **7-4 ERRONEOUS RECORDING OF REGISTERED LAND**

The customer is solely responsible for recording (“registering”) registered land documents in the correct section of the registry of deeds. While registry personnel will make every effort to record documents received by mail in the correct section of the registry of deeds, this is only a courtesy and the registry of deeds bears no responsibility for recording mailed in documents in the correct registry section.

### **7-5 FOREIGN LANGUAGE DOCUMENTS**

No document written in a language other than English shall be recorded unless it is accompanied by a certified translation into English. In such a case, the document to be recorded shall consist of (1) the English language translation with signatures typed and preceded by “/s/” to indicate a signature; (2) a certification of the accuracy of the translation, signed by the translator and acknowledged; and (3) the original foreign language document.

7-6 GRANTOR NAMES

On a deed or mortgage, only the names of those individuals or entities who have signed the document shall be placed in the Grantor Index. For example, if the grantor clause on a mortgage said “John Smith and Mary Smith” granted the mortgage, but only John Smith signed it, then only John Smith’s name would be placed in the index. Conversely, if the grantor clause only mentions John Smith but the mortgage is signed by both John Smith and Mary Smith, then both names should be entered in the index.

7-7 LIS PENDENS

No Lis Pendens (i.e. a memorandum indicating that a pending legal action constitutes a claim of a right to title to real property or the use and occupation thereof or the buildings thereon) shall be accepted for recording unless such memorandum (in accordance with M.G.L. chapter 184, section 15)

- 1) contains the names of the parties to the proceeding, the court in which it is pending, the date of the writ or other commencement thereof, the name of the town where the affected real property lies and a description of such real property sufficiently accurate for identification;
- 2) has been endorsed by a justice of the court before which the action is pending; and
- 3) is accompanied by an affidavit to the effect that the moving party has served notice of the allowance of such motion by certified mail addressed to all other parties prior to the recording of the memorandum.

7-8 MULTIFUNCTIONAL DOCUMENTS

A document that accomplishes more than one function shall be treated as a multiple document. A separate recording fee will be charged and index entry made for each separate function accomplished by the document. For example, a single assignment that assigns different mortgages executed by different people on different properties to one assignee is a multifunctional document and would be charged a separate recording fee and have separate index entries made for each mortgage assigned.

7-9 MULTIPLE DOCUMENTS – ATTACHED AS EXHIBITS

A document that is otherwise recordable on its own (or a photocopy of such a document) shall not be recorded as an attachment to another document but must be recorded separately. This rule does not apply to Affidavits filed in accordance with MGL chapter 183, section 5B. Examples of document combinations that would be prohibited by this practice include:

- Deed + 6D Certificate
- Deed + Trustee Certificate
- Deed + Vote
- Deed + Power of Attorney
- Deed + Death Certificate
- Mortgage + 6D Certificate
- Mortgage + Collateral Assignment of Rents & Leases

- Mortgage + Trustee Certificate
- Affidavit re Estate Tax + Death Certificate

The above list only illustrates frequent combinations. It is not an exhaustive inventory of all possible examples of this practice. The one exception to this rule involves a chapter 183, section 5B affidavit which is intended to allow information that will clarify the chain of title to be recorded. This type of affidavit is the appropriate method of attaching copies of documents that cannot be recorded on their own. The required attorney certification that the information is relevant provides a safeguard against this section being misused.

#### 7-10 REDACTING PORTIONS OF DOCUMENTS

In accordance with MGL c. 66 & c. 4, the register of deeds shall have the authority to redact any information from any document found to be recorded or presented to be recorded which does not meet the requirements of these standards or any regulation or statute.

#### 7-11 RE-RECORDING A DOCUMENT

The former practice of “re-recording” an original document to correct an error or omission is prohibited.

### **8. REGISTERED LAND**

#### 8-1 APPLICATION OF THESE STANDARDS TO REGISTERED LAND

These INDEXING STANDARDS shall apply to Registered Land as suggested methods of indexing documents. Any time a conflict exists between these standards and Land Court Guidelines, policies, practices or statutes, the Land Court procedures shall be followed.

### **9. DEEDS EXCISE TAX**

#### 9-1 COMPUTATION OF TAX

Massachusetts imposes an excise tax upon the transfer of any deed, instrument or other writing whereby realty is conveyed to a purchaser. The excise is based upon the consideration given for the property and applies, whenever the consideration, exclusive of the value of any lien or encumbrance remaining on the property, is greater than \$100. The tax is paid by the person making or signing the deed and is evidenced by a stamp affixed to it. The tax is \$2.28 for each \$500 or fraction of consideration.

#### 9-2 MARTHA’S VINEYARD & NANTUCKET LAND BANK

Additional fees are assessed in Nantucket and Dukes Counties by their Land Bank Commissions. To contact the Nantucket Land Bank Commission, go to [www.nantucketlandbank.org](http://www.nantucketlandbank.org) or call 508-228-7240. To contact the Martha’s

Vineyard Land Bank Commission (Dukes County), go to <http://www.mvlandbank.com/> or call 508-627-7141.

9-3 EFFECT OF LIEN OR ENCUMBRANCE

Where property is conveyed subject to existing encumbrances, the amount of the encumbrances is not taxable. In other words, if a property is purchased “subject to” an existing mortgage or if the buyer “assumes” an existing mortgage, the currently outstanding amount of that mortgage is deducted from the amount of consideration when calculating the excise tax. The drafter of the deed should state the full consideration (that is, the amount of the mortgage being assumed plus any money being paid to the seller) and the amount of the mortgage being assumed. DOR Directive 88-18.

9-4 DEED IN LIEU OF FORECLOSURE

When a bank takes back a deed to property and cancels the mortgage debt in lieu of foreclosure, the consideration is the amount of the mortgage debt cancelled by the bank, plus any additional cash paid to the mortgagor. DOR Directive 88-18.

9-5 PARTITION OF JOINTLY HELD PROPERTY

When no party in partition of a joint tenancy receives a greater interest than he held before, no deeds excise is due. Where any party receives an interest in jointly owned property greater than his original undivided interest, there is a deeds excise imposed based on the consideration given for the excess value of the property. Where an interest in property is conveyed out to a third party, a deeds excise is due on the consideration paid for the portion conveyed. In each case where an excise is due, it is to be paid by the person making or signing the deed. DOR Directive 89-13.

9-6 TRANSFERS BY CERTAIN FEDERALLY SPONSORED CORPORATIONS

<sup>1</sup> The language ".003 mils" is an apparent scrivener's error in the regulations approved in 1988 which are understood to have established a thickness standard of three thousandths of an inch. The thickness should read ".003 inches" or "3 mils" which are the same thing. The above language will remain, however, until the regulations can be formally amended.
